CHAPTER _____

An act to amend Section 905 of the Government Code, relating to government tort claims.

LEGISLATIVE COUNSEL'S DIGEST

SB 640, Simitian. Government tort claims: childhood sexual abuse.

Existing law bars a suit for money or damages against a public entity on a cause of action for which a claim is required to be presented, until a written claim therefor has been presented to the public entity and acted upon by the Victim Compensation and Government Claims Board or, in the case of a local public entity, the governing body of the local public entity, or has been deemed to have been rejected, except as specified. Existing law requires a claim for personal injury against a public entity, or against an employee of a public entity, to be presented not later than 6 months after accrual of the cause of action.

Existing law requires that an action for recovery of damages suffered as a result of childhood sexual abuse, as defined, be commenced within 8 years of the date the plaintiff attains the age of majority or within 3 years of the date the plaintiff discovers or reasonably should have discovered that the psychological injury or illness occurring after the age of majority was caused by the sexual abuse, whichever occurs later, and provides that certain of those actions may not be commenced on or after the plaintiff's 26th birthday.

This bill would exempt claims made against a local public entity pursuant to the above provision for the recovery of damages suffered as a result of childhood sexual abuse from the requirement to file a claim against a public entity within 6 months after accrual as a prerequisite to filing a cause of action for money damages. The bill would limit this exemption to claims arising out of conduct occurring on or after January 1, 2009.

The people of the State of California do enact as follows:

SECTION 1. Section 905 of the Government Code is amended to read:
